Pr I for kindly noting whether any furlough leave ~~or furlough~~ has been granted to Mr Venkata Rao and how the question of his furlough now stands

Rm 09
2/12/09

Mr Venkata Rao was granted 28 days' furlough leave with effect from the 6th October 1909

The question about the furlough has not yet been decided It has however been proposed in that file to give Mr VenkataRao a Special grant of Rs 200 per mensem (in lieu of the furlough allowance) during the 1st ~~2 years~~ of his course also as in the case of the 2nd & 3rd years' courses The file has not yet been received in this Branch with final orders

11 Taking Mr Venkataramiah Gr 4th ~~Position~~ out Consideration I fear that his training would cost the State a disproportionate sum much more than was anticipated. He will be getting about a hundred Rupees more than his pay of 450 Rs & if this request is also granted

12 The letter seems to indicate (more in its tone than in its expression) that even with these concessions, Mr V Ram may not succeed in getting to the end of some definite useful course It is possible that I may be mistaken, but if I am not, it may be best to ask him to come back If however he can get through creditably, we may ~~two~~ I think grant him the additional scholarship

13 The rule about furlough may be specially relaxed and the furlough sanctioned as originally intended This would be a saving to you

14 As this case illustrates that we are sadly handicapped for want of proper knowledge about European and American Educa-

15 If the Dewan has no objection Dr Coleman may be consulted as to the course to be adopted Broadly speaking Mr Venkata Rao should be placed in a pecuniary position to be able to meet all the reasonable expenses of his sojourn & study in Germany. But the more serious part of the business is that Agricultural Chemistry is not taught as a principal Subject in the Leipzig University and married men are not admitted

All these details should have been considered before Mr Venkata Rao accepted the scholarship

W Mr Venkata Rans difficulties are I see due largely to his lack of knowledge of German conditions. He seems to be paying for board is exhorbitant Comparatively few students in Germany live in Pension as he is doing, as it is much too expensive They usually hire a furnished room and get their landlady to supply them with breakfast and supper which they have in their room Their dinner they get either in a restaurant or a boarding house I lived in this way while I was in Berlin (3 months) and my living expenses did not exceed Mks 120 (Rs 90) as compared with Mr Mks 180 (Rs 135) Mr Venkata Rao is now paying The fees he is paying for a German tutor are also very high and he is taking about double the number of lessons a month (30) that he can profitably use, so even if he should continue taking German lessons for six months his expenses per month on this score should be cut down to one half In my opinion it would be better for him to discontinue the German lessons after three months and trust to his daily intercourse with the professors & students for learning in the language The knowledge of colloquial German he will be able to acquire gradually nor will he find his lack of knowledge in this regard any serious drawback in laboratory work or in understanding lectures All of these

NOTE—Contn sheet

Serial No

things I have pointed out to Mr Venkata Rau in a letter written to him two weeks ago Mr Venkata Rau is simply undergoing the difficulties common to foreigners on arrival in a new land, only in his case the difficulties have been accentuated by the fact that he has obtained his boarding-house etc through people who have evidently never had to practice economy in living When he gets to know Germany in general, and Leipzig in particular a little better he will I am sure, see that the increase he asks for will not be necessary and that he will be able to live comfortably on the scholarship already granted by Government

23 It appears however that he has actually through an unavoidable inexperience, incurred expenses in excess of the money granted him so it might be advisable to grant him a small additional sum say £ 20 to cover such expenditure

24 With regard to the difficulty in connection with the study of Agricultural Chemistry, that is more apparent than real The Agricultural Institute of every German University has at least one Chemical laboratory Over this is set a Professor thoroughly trained in Agricultural Chemistry & the Professor in Leipzig will arrange that Mr Venkata Rau shall do a piece of original work strictly on Agricultural Chemical lines Besides this he will hear lectures in Agricultural Chemistry General Chemistry Botany & Agriculture His degree would be granted in just the same way as if there were a separate department of Agricultural Chemistry However if Govt wish to lay stress on the point of his actually having on his diploma a statement that he has graduated in Agricultural Chemistry it will be a very simple matter for him to transfer to another University at the close of the present term as a matter of fact

Note—Contn sheet

Every German University recognizes the work done and the time spent at another German University, and as a matter of fact there is hardly a German graduate who has not studied at at least two separate Universities In any case Mr Venkata Rao could hardly have begun his special research work there so he will have lost no time He is entirely in error when he says that Berlin is the only University in which good instruction in Agricultural Chemistry is given Gottingen where I studied has a separate Department of Agricultural Chemistry as has also Breslau and I believe also Halle All of these Universities are first class I may say that the reasons I had for advising Mr Venkata Rao to go to Leipzig were two, Firstly I knew that Dr Pillai, now Dir of Agriculture in Travancore had just graduated from there and I believed this fact would make it much easier for another Indian student to get himself admitted into the University a matter over which foreigners usually have some considerable difficulty Secondly, Dr Lehmann had also advised him to go there

25 As to the matter of married men not being admitted to the University, that is a piece of information that which has, to say the least, astonished me and I must think Mr Venkata Rao has been mistaken in his information I know personally Canadian who graduated at Leipzig one who had his wife and children with him throughout his course there have no apprehension that Mr Venkata Rao will be turned out of Leipzig because his

married There are dozens of married students at practically every German University There were at least a dozen personally known to me in Gottingen while I was there and I knew but a small percentage of the students —

6 In conclusion I wish to point out that this matter of increase of scholarship would probably never have come up to Government at all had, as is I believe the custom, Mr Venkata Rams official letter of the 8th November been forwarded through me his superior officer I can hardly blame Mr Venkata Rao, in the matter however for during the whole of the correspondence leading up to the appointment of Mr Venkata Rao & Mr Yegna Narayana Iyer as Scholars I was practically ignored nor have I ever received any communication from Government, official or otherwise intimating that they wished me to advise either of the two Scholarship holders or to check their work in any way Under these circumstances I have been decidedly diffident about proffering advice I may say that in my own case Government in their order appointing me made it very clear that my preparatory studies were to be carried on under the advice & direction of my superior officer, Dr Lehmann

Extract from the Proceedings of the 244th Meeting of the Council of His Highness the Maharaja, held at Bangalore on the 10th January 1910

II Subject -(Clause – of Schedule)

Application of Mr B Venkata Rao for an enhancement of the Damodar Das scholarship granted to him

OPINION

1P 9 to 12 f the office

From the information furnished by Dr× Coleman it is seen that Mr Venkata Rao can live on the scholarship already granted to him and the Council is of opinion that if he wants any additional amount it may be lent to him as a loan subject to recoupment after his return

(Sd) T Anandarao
Dewan of Mysore

CS Balasundaramayya
Offg Secy to Govt

GPB—300—20-4-09

Submitted to His Highness

These papers relate to an application of Mr B Venkata Rao, Assistant Chemist, for an enhancement of the Damodar Das scholarship granted to him

2 In Government order No 9610-7/Edn F 207-08-50 dated 24th September 1909, Mr Venkata Rao's scholarship was fixed at £200 per annum tenable for three years to study Agricultural Chemistry in Germany He was also allowed the usual furlough allowance of Rs 225 per mensem during the first year of his course and a special allowance of Rs 200 per mensem for the second and third years The furlough and special allowances are payable from the State Funds

3 Mr Venkata Rao represents in his letter dated Leipzic, 8th November 1909 that he has to encounter many difficulties in a strange place, that the scholarship amount of £200 is not sufficient and that it may be raised by £75

4 Dr Coleman is of opinion that Mr Venkata Rao can live on the scholarship already granted to him The Council agrees with him and notes that if

Mr Venkata Rao wants any additional amount, it may be lent to him as a loan subject to recoupment after his return This may be approved

5 There is much force in the observations made by the Second Councillor in the concluding portion of his note dated 3rd December 1909, and they will be communicated to the Inspector General of Education who is the Secretary to the Committee for the Damodar Das Scholarships

His Highness the Maharaja of Mys
Bangalore

Edn 196-09
SL(1)

Sir,

reached Leipzig on Sunday the
24th October As I was quite a stranger
to the place and as what little German
I learnt in India was of no use to
me I had to stay in a first Class
Hotel as advised by Dr Coleman
Living in a first class Hotel is
costly but I had to do it for here
at least I can find some English
Speaking Gentlemen I stayed in
the Hotel for 4 days & I had to pay

2 £4 810 for 6 days. Through the Courtesy of the British Consul-Gen General here, I was able to secure a good boarding house – a "Pension" for 180 marks a month (£9) As I had to pay in advance I beg to Subm herewith the bill for the month of November 09

Dr Lohnes, to whom Dr Coleman had very kindly written from India got me admitted in the University He also very kindly engages for me a German tutor I have to receive 50 lessons a month for which I have yet to pay 100 marks (£5) Thus I have yet to pay £14 for my boarding + tuition in German alone From the bill sent herewith it will be seen that I have yet to pay extra for baths, washerman etc I get from the Government £600

for 3 years from this £40 are to be 3
deducted for I received this sum in advance
in India for my outfit – warm clothing &c
Therefore I receive from the Government
(£600–40) i,e £560 for 3 years
– The Government pays me quarterly
£46–13–4 or £15–11–4 monthly I
am very sorry I cannot meet my
expenses from the present stipend
For, besides boarding & tution charges
I have got to pay the University fees
& Laberatory fees I have also got to
buy some apparatus & books I am
also told that 6 months German
tution is necessary Under these
circumstance I respectfully beg
of the Government to enhance my
scholarship as it is absolutely impossible
for me to continue my studies on the
Stipend I receive from the Government

now In this connection I beg to state tha
I will submit the bill from the Germa
tutor as soon as I make the payment
after receiving 50 lessons

I was told both by Dr Lehman
& Dr Coleman that I can manage
within £200 But I am sorry to stat
that I cannot do so There may be
cheaper boarding houses, but I am
advised not to go into these, for I must
stay only in those boarding houses
the University recognises. Besides I
am not at all accustomed to the diet
of this place – meat diet, consequent
I heed to request the landlady to give
me vegetarian diet, & for this I
have got to pay extra That is why
I have got to pay 180 marks or £9
I am sorry I have got to ask for the
enhancement of the Scholarship after

reaching Germany The Government will see that I had scarcely any time in Indra & even if I had any, I am sorry I was not able to catch hold of a single Indian who had an experience of German life There is not a single Indian here Under these circumstances I humbly request the Government to enhance my scholarship by £75 a year Without this enhancement of my present stipend I am sorry I cannot make the best use of my time here. I therefore, request the Government may be pleased to consider my appeal for further pecuniary help favourably If the Government cannot see its way to give me further pecuniary help I humbly request the Government to recall me as it is absolutely impossible for me to prosecute my studies here

without further help from the Govern
ment 1

Secondly I was advised by Dr
Lehmann & Dr Coleman to go to
Leipzig to study Agricultural
Chemistry. I am sorry to bring to
notice of the Government that Agri
cultural Chemistry is not at all
taught here as a principal Subject
Even at such an old & important
University as Leipzig Agriculture
Chemistry is not taught. Dr Lohnis
has promised to write to Dr Coleman
about this & I believe he has done so
If I want to study particularly
Agricultural Chemistry, the only
University where I can get a good
instruction is Berlin. And Berlin

University is costly - the living there
is dearer than in Leipzig As I did
not want to waste this year, under
the advice of Dr Lohmus I have
joined the University here & mean
to continue here as advised by
Dr Lohmus till March next

Though married men are not allowed
to enter the University I came to
know of this only after joining the
University - as nobody asked me
whether I was married or not I
have informed the authorities about
this & am awaiting their decision

From the above facts the Govern-
-ment will realise my position
here in Germany First - I fund
the Scholarship I now receive from

8

the Government is inadequate to pro
my studies here. Secondly I was advis
by Dr Lehmann to go to Leipzig
but at Leipzig no Agricultural
chemistry is taught & no married
men are admitted in the University
These factors have damped my Spirit
& I am really sorry that I left Ind
in such haste without making proper
enquiries. But I had scarcely anyti
to make any enquiries there

In conclusion I request you to be go
enough to place this matter before the
Government as early as possible I also
humbly request the Government to be
good enough to enhance my Scholarsh
by £75 a year – as without furth
pecuniary help from the Government
it is absolutely impossible for me to
prosecute my studies here. I also

humbly request the Government
to be so generous enough as to
enhance the present Stipend by
£75 Should the Government, however,
think that I am too costly & that
they cannot give me further pe-
cuniary help, I request the
Government to be good enough
to recall me as I cannot manage
further the amount so generously
granted to me by the Government
I humbly request you to place this
matter before the Government as
early as possible for orders

I obey to remain
Sir
Your most obedient Servant
B Venkatrao
Asst Chemist (on furlough)
Stephenplatz No 4
Leipzig

Rec'd 29 Nov (1902)
& R'd 1st Dec
Sophienplatz 29
Leipzig
Sir,

I addressed a letter to you this day & posted it I am sorry I did not enclose the bill from the "Pension as mentioned therein I am really very sorry I am not able to manage within the amt ~~of~~ £15 11 a month May I, therefore take the liberty to request you to place ~~the letter~~ before the Govt as early as possible & obtain its orders one way or the other I am also very sorry that if the Govt cannot see its way to

Give me further pecuniary
help it will have to recall
me for I cannot at all
manage here on £15 v odd. ~~£~~
I therefore request you to be so
good as to expedite the matter
& communicate the result
home at your earliest
convinience. I enclose
the bill herein & request you
to subm it to Govt along
with my letter.
I am getting on well with
my German & hope I shall
be able to understand the

lectures in the course of a month
I have got a very hard task
before me & I earnestly hope
the Govt will help me by
giving me further help.

With Kind regards to self

I remain
Sir
Yours Very Sincerely
B Neukatlau

To
The Secretary to the Government of
H H the Maharaja of Mysore

Sir,

I beg to enclose herein as mentioned in my previous letter the receipt from my German Tutor As the boarding and Tuition charges alone come to £ 14 I am sorry I shall not be able to manage here within £ 15. I therefore request the Government to help me with further pecuniary help so there is nobody here to help me - I am the only Indian here & I am

xdress to day in a first class Pension
It is almost impossible for me to take
to the usual diet of this place &
therefore I have got to pay a higher
rate If the Government is not in
a position to help me I will have
to give up my German lessons &
if I were to give up my German
lessons the very object of my trip
to Germany will be frustrated
as I shall not be able to make up
any progress in the Language of the
place.

We have also weekly excursions
here We go to the neighbouring
farms & estates. This costs me on
an average 10 marks a week Beside

this I have got some other sundry
expenses to meet It is not possible
for me to manage within £8 a
month Under These circumstances
I request the Government to grant
me at least £20 a month

I beg to remain
Sir
Your most obedient Servt
B. Venkatrau

the present Scholarship -

2 Letters of the 8th November and 3rd December 1909 from the same person on the subject

Letter of the 31st Dec 1909 from Mr Venkata Rao applying for an additional grant of £30 (or £40) to enable him to continue taking lessons in the German Language

Order thereon

No 7244-7 of 21 2 10
Edn 196-09-

Dr Coleman, the Govt Mycologist and Entomologist who was consulted in the matter is of opinion that Mr Venkata Rao can prosecute his Studies in Germany on his present Scholarship. Govt are therefore not prepared to sanction any increase to his Scholarship. If Mr Venkata Rao wants

In consultation with Dr Coleman Govt ~~understand~~ have reason to believe that the Scholarship now sanctioned will ordinarily enable Mr Venkata Rao to support himself ~~reasonably~~ ~~prudent~~ ~~expended~~ for a student in a German University, and they
